With **A Second Gong Wah** launch the second stage of their Fuzzwave rocket, refining the fuel with a shot of bitter pop and a dose of sweet darkness and so follow up their persuasive 2020 debut seamlessly.

Nima Davari and Giso Simon on drums and bass push the Songs up front while guitarists Felix Will and Thorsten Dohle - who produced **A Second** in the bands own Chestnut Tree Studio - provide the atmospheric base for Inga Nelke's vocals floating above it all that makes **Gong Wah** so unique.

The tracks on **A Second** are nine fuzzwave pearls for the dance into the end of the world.
